

Yes, it is that time of year. Your local ACI chapter needs your support for the 2023 year.

On the third Thursday of each month, except for a couple of summer months, a technical program in conjunction with a dinner meeting is held to help keep our members abreast of new technology. The speakers are experts in their field and questions are always encouraged.

The chapter also sponsors national ACI seminars throughout the year to give our members an opportunity to continue their education in the construction industry.

Please take a few minutes to fill out the application below and send in your 2023 dues. A directory of the 2023 membership will be published in February 2023.
